

## 2006 CSP Job Sheet IN-ENM-03 Nutrient Management

### Manure Applications if STP <80 - Nutrient Management Enhancements #03

**DESCRIPTION** - This enhancement is for manure applications to fields with soil test phosphorus less than 80 lbs. per acre. It is only available on the fields which receive manure.

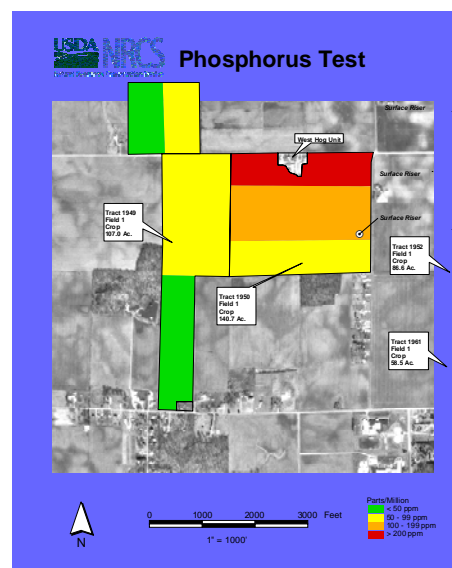

### Enhancement Requirements

Manure applications shall only be made to fields with a soil test phosphorus level of 80 lbs. per acre (Bray P1/Mehlich 3).

The CSP participant will apply manure to crop or pasture fields per a nutrient management plan, waste utilization plan or a comprehensive nutrient management plan (CNMP).

Do not over apply manure based on the nitrogen needs of the crop (realistic yield goal, legume credits, Tri-State Fertilizer Recommendations) and the manure analysis.

It is recommended that this enhancement be combined with the Nutrient Management Enhancement #4 (PSNT & other testing) and #1 or #2 (intensive soil sampling w/ or w/out VRT applications).

### Performance Requirements

Required Documentation = The CSP Participant will certify this activity annually by signing an annual payment certification letter and submitting it to the NRCS office servicing the contract. The CSP Participant will retain annual records of the fields that were both (1) manured that year and (2) are planned in the conservation plan to receive manure, along with soil test results that show P levels are less than 80 lb/ac, manure test results, and the amount of manure applied.

Payment will be made on all fields that are planned to receive manure with a soil test phosphorus level < 80 lbs. per acre.

Enhancements must be established for one full crop season before payments can be made.

The United States Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326W Whitten Building, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer.
